Nature of Contract: *(Briefly describe the general terms of the contract)*

This grant will fund the relocation of the runway thresholds for Runway 3-21. Currently, the safety areas for Runway 3-21 extend beyond the airport operations area and are obstructed by adjacent roadways. It is necessary to shorten the runway by relocation of each runway end threshold, bringing the safety areas into compliance with FAA design criteria.

This grant will provide for 90% of the initial project cost which is estimated at \$611,111. The County will be responsible for the remaining 10% of the cost. Additional funding may be available from the State of California Department of Transportation Division of Aeronautics in the amount of 5% of the total project cost, reducing the County participation to 5% or an estimated \$30,555
